Subject RE: SPCC Update

US EPA RECORDS CENTER REGION 5

493283

Dear Dr. Yang

I have tried to send you pictures of the tanks that have been decommissioned thru the internet. My attempts to send you the picture documents have failed.

I burned the pictures to disk and am sending them to you via U.S. mail.

We will be sending them to you on 11-13-08. If you do not receive the disk in a timely matter please let me know and we can figure out some other way of delivery to you.

Most Sincerely  
Scott R. DeGroate

Subject: SPCC Update

Dear Scott,

The last update I received from your facility was dated July 21, 2008. Please send your bimonthly progress report this week. Otherwise, the case against you will be sent to the Agency's Office of Regional Counsel to start the legal process.
